Dear June--

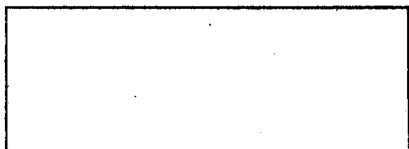

I was really very happy to have a chance to talk to you in the spirit we did yesterday, for its own sake, as well as for the help you are so generously giving to my task on the memoir.

The letters are really interesting!

Sorry to have made a nuisance by picking up the enclosed. I will have the other material back to you as soon as I have had a chance to copy it.

I will certainly call Ray Barratt, and be sure that any records are responsibly saved. I will also try to get a pacakage together as a keepsake for your grandchildren.

Yours,
